

## Curl BC Ranking List Criteria

The categories of athletes that are considered for ranking include men, women, junior men, and junior women. Athletes are ranked individually and points are awarded based on performance in the last four years of competition. CTRS points are awarded and reduced by 25% per year.

- Team points are divided by four and awarded to each player on the team. If there are five players on the team, they receive the same number of points as if there were only four on the team. For example, if the team earns 20 points with four players on the team then each player will receive five points. If there are five players on the team then each player will still receive five points.
- Points will be retained for four years.
- Athletes receive a cumulative points total.
- Championship points are to be weighted and reduced by 25% per year.
- CTRS points are awarded and are to be reduced by 25% a year starting in 2008.
- Able-bodied and wheelchair athletes have separate ranking lists.

**New to BC?** Athletes moving to BC are eligible to be ranked according to their points earned verified by the previous member association providing they meet the Curl BC resident and playdown eligibility requirements for that curling season. An athlete moving to BC from another province or territory must apply to Curl BC prior to September 30th of the curling season to have their points transferred.

<b>Curl BC Ranking System</b>	
<b>Event</b>	<b>Team</b>
Olympic Team Member	200
World Championships 1st place	160
