**CHAMPIONSHIP FORMAT:** The BC Mixed Doubles Championship shall be an open entry event taking place in Chilliwack Jan, 2<sup>nd</sup> – 5<sup>th</sup>, 2025. The format for the 2024 preliminary and playoff round will be triple knock-out, with a Page Play-Off. Games are eight (8) ends games. Thinking time – 22 minutes.

A team is comprised of two players, one male and one female. Alternate players are not allowed. A team must forfeit any game(s) in which it fails to have both athletes playing for the entire game.

### **OFFICIATING:**

- 1 Chief Umpire, 2 Game Umpires, 1 Timing Supervisor and 1 Time Clock Operator per sheet.
- Rule enforcement and unresolvable on-ice situations are to be directed to the Game Umpire, and if need be, to the Chief Umpire. The decision of the Chief Umpire is final.

**ON-ICE OFFICIALS:** All measures will be done by the Game Umpires. Teams are asked to confirm the score immediately after the completion of each end.

Rule enforcement and unresolvable on-ice situations are to be directed to the Chief Umpire and their decision will be final. Curlers are reminded of the Curlers' Code of Ethics in the Curl BC Yearbook. Unsportsmanlike behavior will not be tolerated.

Please refer to: [www.curlbc.ca/player-fines-for-violations](http://www.curlbc.ca/player-fines-for-violations)

**MODIFIED FREE GUARD ZONE:** No stone in play including the “positioned” stones and those in the house can be moved to an out-of-play position prior to the delivery of the fourth stone of an end. If there is a violation, **without exception** the delivered stone shall be removed from play and any displaced stone(s) shall be replaced to their original position by the non-offending team as per (Rules of Curling for Officiated Play - Mixed Doubles (rule (5) page 56).

**POWER PLAY OPTION:** Once per game, each team when they have the decision on the placement of positioned stones can use the “power play” option(Rules of Curling for Officiated Play - Mixed Doubles page 57).

**TIMING OFFICIALS:** Timers will be located behind the glass at the home end. A timeout request should be called directly to your timer so your clock can be stopped. Timeouts must come from a player on ice while their time clock is running. Signals are "T" for game timeout or "X" for technical timeout. Between end-breaks will be 1 minute 30 seconds. **Teams are expected to be in position ready to deliver their first stone at the end of the end of the break.**

CurlTime will be used for timing games:

- 22 minutes to complete 8 ends.
- Mid-game break is 4 minutes. Teams are reminded that thinking time will start for the team if they are not in position ready to deliver the 1<sup>st</sup> stone or when the mid-game break is over.
- Extra end is 3 min with a 1 minute 30 second break prior to the start of the extra end.

**TIMEOUTS:** Each team may request one (1) time-out during an 8-end game and one (1) time-out during any extra end. The time-out will be a maximum of sixty seconds in length plus any designated travel time for the coach (or alternate) to access the field of play. If there is no coach, the time-out will commence automatically.

Timeouts will be displayed on the time clocks and controlled by the Game Umpire.

Both coaches are asked to cooperate and make sure to stop if a player is in the process of delivery before crossing the end of their sheet. Your consideration will be noted, and extra time added.

Timeouts are to be signaled with the traditional "T". If the play is at the away end, the team that did not call the timeout will not meet with their team until the coach of the team that called the timeout reaches the backboard at the away end. At the conclusion of the timeout or when the team calling the timeout concludes their discussion, the timeout is over for both teams and the **coaches must leave the field of play immediately**. The coach of the team that did not call the timeout will have access to their team at the home end backboards only and must give priority to the team calling the timeout. Coaches that call the timeout can access their teams at the backboards of the playing end (***use of empty adjacent sheets is not allowed***).

If the full time out is not used in the timeout discussion, it will continue until time expires, or the stone reaches the nearer T-Line

Only ***certified Curl BC coaches*** may access the field of play during the timeout.

#### **TECHNICAL TIMEOUTS:**

Teams are encouraged to use the "X" signal to request a technical/official timeout (timeout for free guard zone measurement, end of end measurement, rule interpretation, etc.)

**Conceding a game:** The skip of the losing team may concede a non-televised game provided one of the following criteria have been met:

- In an eight (8) end a minimum of five (5) ends must be played.
- In all playoff, semifinal, and final games, a minimum of six (6) ends must be played (or as adjusted by a Chief Umpire, e.g. for TV games 8 ends must be played).

**PRE-COMPETITION PRACTICE:** Due to the number of teams at this event, Pre-competition practice will be **9 MINUTES** on each sheet of playing ice. The schedule for pre-competition practice will be controlled by an umpire.

The schedules are:

- First Pre-Competition Practice Thursday, January 2 9:00am

- Teams:
  - Wark/Cowan Sheet A
  - Les/Jones Sheet B
  - Jackson/McCrady Sheet C
  - Maskiewich/Robillard Sheet D

  - Mallett/Meister Sheet F
  - Brissette/Fadden Sheet G
  - Fisher/Kolomaya
- Second Pre-Competition Practice Thursday, January 2 10:45am
  - Teams:
    - Taylor/Taylor Sheet A
    - Wilson/Deane Sheet B
    - Hafeli/Kopytko Sheet C
    - Thornborough/Larence Sheet D
    - McIntosh/Durau Sheet E
    - Jensen/Deng Sheet F
    - Woo/Wenzek Sheet G

**PRE-GAME PRACTICE AND STONE COLOR:** Teams will toss a coin before practice a minimum 45 minutes prior to the game. For all preliminary games, the coin toss between teams will determine rock color and practice order/LSD turn. Under the direction of an Umpire, each team will be allowed a 7 minutes warm-up with 1 minute to complete each Last Stone Draw before each game on the sheet of ice on which they are about to play. There is no limit to the number of stones which may be thrown. Teams will practice using only their stones for that game and may not handle or otherwise disturb their opponent's stones. Players are requested to stay off the ice until 1 minute to practice has been announced. Under the direction of an Umpire, curlers may cool their sliders and they may slide. Opposing teams may not be in the field of play during the other team's pre-game practice.

**SPARE STONE:** At the end of the team's pre-game practice the "spare" stone will be moved to an out-of-position area – the spare stone can be switched out at the completion of an end.

**LAST STONE ADVANTAGE IN THE FIRST END (HAMMER)** will be decided by a draw to the button following each team's pre-game practice.

Following the pre-game practice, under the direction of an Umpire, each player will deliver a LSD using their chosen turn (i.e. Team A chose the clockwise rotation – both players will deliver their LSD with a clockwise rotation and Team B will deliver their LSD with a counter clockwise rotation). The lowest combined LSD between the two teams will receive last stone advantage in the first end.

The draw to the button shall be played towards the home end.

Stones not delivered within the time allotted by the umpire will be assigned a measurement of 199.6 cm (the stone must reach the nearer tee-line before time expires). A draw to the button for last stone advantage that is moved by a team member prior to the measure will be assigned the distance to the next defined circle away from the button.

**POSITIONED STONES:** The positioned stones used for each draw will be as follows draw 1, stones #1 and #2, draw 2 stones #3 and #4, draw 3 stones #5 and #6, draw 4 stones #7 and #8 and then go through the order again (depending on the # of draws). A determination for what position will be used on the ice will be determined with the ice technician of the facility and will be announced prior to the 1<sup>st</sup> draw.

**OTHER PRACTICE:** During the event, no other practice is permitted.

**COACHES:** All certified coaches must receive approval from Curl BC prior to the championship. Only one coach will be permitted (from the original line-up form) to participate in the pre-game practice. **NO JEANS ARE ALLOWED IN THE FIELD-OF-PLAY.**

Coaches are reminded that clean curling shoes are required to access the field of play. Coaches going to the away end will travel down the side of the playing sheet to the away end backboards to meet with their teams behind the backline.

**LINEUP FORMS:** Prior to the first game of the event, a lineup form must be submitted to the chief umpire.

**DELIVERY ROTATION:** Each team shall deliver five (5) stones per end. The player delivering the team's first stone of the end must also deliver the team's last stone of that end. The other team member shall deliver the team's second, third and fourth stones for that end. The player delivering the first stone can change from end to end.

If a player delivers a stone out of proper rotation, the delivered stone will be removed from play and any displaced stones are returned to their original positions by the non-offending team. Should the infraction not be discovered until after the delivery of a subsequent stone, play continues as if the infraction did not occur, however the player that delivered the first stone of the end can only deliver a maximum of two stones in that end.

**EQUIPMENT MORATORIUM:** Curl BC has adopted the sweeping moratorium and equipment recommendations from Curling Canada. ALL COMPETITORS should make themselves familiar with this document and adhere to it.

Broom pads/heads can be changed between games as long as they have been seen and approved by the chief umpire. Please refer to: <http://www.curlbc.ca/curlers/rules/>

Any questions/concerns that are not 'on-ice related' should be directed to Curl BC, Sherri Taylor or Lindsay Shannon.

Good luck and Good Curling

Regards

Henry Wong
